Donations are used for tuition grants for K-12 students attending private schools in Arizona. Tuition grants are awarded without regard to the student's race, color, gender, handicap, familial status or national origin. At least ninety percent of the donated funds are used for the tuition grants. Decisions awarding tuition grants are the sole responsibility of the association. Admission decisions are the exclusive responsibility of the school. Donations must be postmarked or delivered to the association by April 15 to be claimed as a credit for the tax year. Donations made between January 1 and April 15 may be used as a credit for the current tax year or the previous tax year but not both. They may only be used as a federal deduction in the actual year the donation was made. Consult with your tax professional regarding the deductibility of a tax credit donation.
